"T" DAY SET

Community Musters Forces To Get Rid Of Tumbleweeds

Plans for a gigantic community effort to rid Lemon Grove and Spring Valley of tumbleweeds, went into the planning stage last week. Saturday, Jan. 20 has been designated "T" Day.

On that day, it is planned, a united attack on tumbleweeds will take place that will remove most of them from the scene, according to Howard Potts of Spring Valley and Hibbard Stubbs of Lemon Grove.

The S.V. anti-tumbleweed committee under Howard Potts, chairman was to meet at 1 p.m. Wednesday for its first official discussion.

Potts and Stubbs are anti-tumbleweed chairmen for their respective communities. They are organizing what is believed to be the first anti-tumbleweed drive ever held in the county. They have invited organizations and persons here to contact them about participating in the campaign.

FIREMEN TO HELP

Already L.G. fire chief H. L. Hensley and S.V. fire chief Frank Berger have promised the cooperation of the fire departments in the campaign. Firemen look upon tumbleweeds as a very real fire menace, according to Hensley.

He said that a tumbleweed is a naturally-made torch which is surpassed in inflammability only by something like gasoline.

Tumbleweeds are seen also as a traffic hazard. They frequently cause slowdowns in traffic movement, and possibly an occasional accident, according to spokesmen.

Chet Smith, president of the S.V. chamber of commerce and Ed Koester, head of the L.G. chamber both deplore tumbleweeds as causing "community unsightliness."

SAFETY SOUGHT

Potts and Stubbs said the "T" Day drive is founded on a desire for local safety and beautification.

On the Spring Valley committee under Potts, are Rev. John Kerr of the S.V. Valley of The Shepherd Lutheran Church, Mrs. Daphne Kahrs of Casa de Oro and other persons yet to be named.

The Homeland Pastors Assn.,

the S.V. chamber and the S.V. Kiwanis Club, the L.G. Coordinating Council, L.G. VFW, and the L.G. chamber are organizations already on record in support of the drive.

Frank Doolan is the first one named to the L.G. anti-tumbleweed committee.

Potts and Stubbs announced that they are working on a master plan for "T" Day which will make the anti-tumbleweed forces so effective that few tumbleweeds will be spared. The two would like to see every person in the community taking part in tumbleweed eradication.

In next week's paper they will tell specifically how each member of the community can help.

ASCO MIGHT AID

Roy Dickerson, public relations chairman of the S.D. Gas & Electric Co. said last week there's a chance his firm will send men and trucks into the communities of Spring Valley and Lemon Grove on "T" Day to help with the battle. The company would have to pay crews time and a half.

Other agencies and organizations are being contacted, according to Potts and Stubbs. They sent out a plea last week for anyone willing to assist in the campaign to call HO 6-0054 or HO 6-7626 in Spring Valley and CO 4-1076 or HO 9-1498 in Lemon Grove.

Hegland To Speak To S.V. Democrats

Sheridan Hegland will be guest at the January meeting of the Spring Valley Democratic club Tuesday at 7:30 p.m. at the home of Roland Pair, 10357 Campo rd.

Hegland, a candidate for Congress from the new 37th Dist. will express his views on national issues.

A coffee-donut break is also scheduled.

Wrong Main St. Set For Repair

A report by County News Service that Main st., Lemon Grove, was to be repaired to the tune of \$36,464 in this newspaper last issue was in error.

The Main st. about to be repaired is in Otay, County Road Dept. men said.

ENCANTO CIVIC CLUB HOSTING VAN DEERLIN

Lionel Van Deerlin, TV 6 newscaster who is seeking the Democratic nomination for U.S. Congressman in the new 37th district will be guest of honor at a special meeting of the Encanto Civic Club on Jan. 15 at 8 p.m.

He will take part in a general discussion of community affairs. The public is invited to the meeting.

Vernon Martin is president of the Civic Club. Joe Torres is vice president and Bill Soule is recreation leader.

The organization held a Dec. 18 Christmas get-together during which a Yule program was presented by children of the Encanto community.

'New Breed' Of Golfers Entering Stardust Tourney

The "new breed" in professional golf will be well represented in the 10th annual \$30,000 San Diego Open Golf tournament Jan. 11-14 at Stardust Country Club.

Heading the list of top, young shotmakers will be Jacky Cupit, 23-year-old Texan who in 1961 became the first freshman in history of the Professional Golfers' Assn. to reach the \$20,000 prize money bracket. Gaining general recognition as "rookie of the year," Jacky wound up with this PGA record for the year.

THREE GROVE MEN SAFE IN SANTA ROSA MT. AIR CRASH

by Max Goodwin

We had one seat of our four-place Commanche airplane reserved for Lady Luck Sunday at 12:45 p.m. when we crashed on a lonely mountain saddle at 5,000 feet above sea level on the south side of the towering Santa Rosa mountains between Borrego and Thermal.

Lady Luck spread her protective cover over the three of us, none of whom was injured except for shin-barks and scratches. We had just crashed into a relatively level crotch of a hillside covered by tough grease-bushes and outcropping of rock, many formations the size of a kitchen table.

Clarence Allen, principal of Vista La Mesa school and Kenneth Conrad, operator of Conrad's L.G. Mortuary, friends of many years, had taken off with me from Gillespie airfield before noon for a pleasure flight that would take us to Borrego and then into Palm Desert area. I was piloting the plane.

We put down briefly at the county airport at Borrego and later circled over Publisher James Copley's (Union-Tribune) Borrego headquarters, formerly Hoberg's, as we picked up altitude to cross the Santa Rosa mountains.

Three Partners

The aircraft, owned jointly by myself, James Spear, L.G. Ford dealer, and Jack Lopshire, a S.V. plastering contractor, appeared to be operating normally as we neared the mountain top.

Then the engine faltered. When the engine failed to respond to the mixture control and the throttle, I realized we would be forced to land. Too little time was left to choose from many places except dead ahead. What appeared to be the most likely place proved to have a sharp rock protruding. It was big enough to have ripped off the plane's right wing.

I veered to the left and pancaked the craft on top of a manzanita tree. It slithered for 40 or 50 feet and stopped in a dense growth of mountain brush. I had elected to keep the landing gear up, a fortunate decision, because gear down it might have hooked into rocks or bushes and rolled us over.

Radio Intact

We hurried from the craft and examined each other and found there were no major injuries. We checked to see whether the gas tanks had been broken and whether there was danger of a blaze from an electrical spark if we turned on our radio to call for aid. The tanks were intact and so was the radio.

Our first distress signal was heard by George Buchanan, piloting a twin-engine plane toward Phoenix. He turned

we decided to see who had the steadiest hand. We held our hands out with fingers stretched. Not a tremble showed in anyone's hand.

About two hours later the helicopter came. It took out Conrad and Allen and left a crew member with me. He told me about all of the hurt and dead people he had picked up from air crashes during his armed forces service. I suggested that we talk about the living. He asked me to set off a smoke flare to aid the helicopter in landing when it returned. The pin on the flare was stuck. He located another flare in the shin pocket of his coveralls. The flare gave off an iridescent red smoke. The helicopter landed again and the crew member opened the side hatch. Someone had triggered the door's jettison switch and the door blew off. We recovered it and put it in the craft.

He strapped a belt across the 5'x5' door opening. I was still cold. They gave me a navy jacket and strapped a set of intercom equipment on my head so I could talk to the skipper. My microphone didn't

NEAR FREEZING AIR

As we squatted beneath a Manzanita tree to break the 45-50 degree chill air while awaiting aid, we discussed our plight, and what our respective families would say. This was not pleasant conversation. Then

DOWN — This Commanche flew perfectly until it suddenly conked out Sunday over the Santa Rosa mountains between Borrego and Thermal with pilot-owner Max Goodwin, editor and publisher of this newspaper, at the controls. Passengers were Clarence Allen, Vista La Mesa School principal and Kenneth Conrad, operator of Conrad's L.G. Mortuary. The men received barely a scratch as Goodwin brought the plane in for a belly landing in an impossible spot. This picture was taken from the air on the day of the crash.

Storage Building At Lemon Grove Junior High Catches Fire

A Jan. 1 fire at Lemon Grove Junior High School, the first of the New Year in L.G. did \$1,000 damage to the structure and contents of the building which has been used for storage of paper.

Three engine companies from the Lemon Grove fire department went to battle the blaze across the street from the station. They fought the fire from 5:11 p.m. to 8:10 p.m.

An unidentified passerby had spotted the flames and reported them at the fire station.

The firemen made forced entry into the stucco building. They went through a double door and through a window. To extinguish the blaze, they had to remove part of the hardwood floor.

On Dec. 27 at 2:02 p.m. firemen received a call to put out a storm drain fire at Beryl st. and Imperial. Mark Poote of the fire department said that firemen had to go down into the drain wearing masks to get at the flames.

Seven boys between the ages of 8-10 have been referred to fire marshal Ray Carmody for starting the fire.

A house full of smoke resulted when the A. L. Myers of 8406 1/2 Broadway, L.G. left a pot of potatoes cooking on the stove when they went out for a

Hesser Appointed To National VFW Promotion Group

KANSAS CITY, MO. (SPCL) — B. C. Hesser, 8512 Golden ave., Lemon Grove has been appointed a member of the Veterans of Foreign Wars national committee to promote life membership. The announcement was made by Robert E. Hansen, South St. Paul, Minn., commander-in-chief of VFW.

In making the announcement, Commander Hansen said: "I am sure Hesser will contribute a great deal to this committee in promoting life membership within our organization. He has long been a tireless worker and I am confident that he will continue his efforts."

BWL To Aid Polio Drive

The meeting of the Business Women's League of Lemon Grove is to be held at Michael's this week on Thurs. at 7 p.m.

Mrs. Frank Thomas, Ways and Means chairman requests members to bring ideas for a project for fund raising of the March of Dimes.

The League will plan their next quarter's meeting at this time, says president, Mrs. Fred Schenemen.

Bandits Hold Up Ben Hur Service Station In L.G.

The sheriff's department is hunting for three armed bandits who robbed the Ben-Hur Self-Service at 7503 Broadway, Lemon Grove, early on Dec. 30, and escaped with more than \$1,000.

Station attendants Elmer Hartney and Doyle Jean Britt reported to deputies that the bandits forced Hartney at gunpoint to open a safe from which the bandits took \$980. Then they stole the day's receipts of \$80 from Hartney.

A Lemon Grove woman who told deputies she saw the men as they made their escape described two of them as over six feet tall and weighing 165-200 pounds. The other was described as being about 5'9" tall.

All were 27-28 years old. Hartney and Britt were forced into the backroom of the station where the bandits taped their mouths, hands and feet before leaving.

The L.G. woman said that she became suspicious when she saw a '57 2-tone Buick running unattended at New Jersey and Pacific and then spotted the three going toward the car one of them carrying a white package under his arm. She said this man was blowing his nose as if to hide his face.

Hartney and Britt told police the men left with a white sack containing the money.

The DIMMER VIEW

by MAX GOODWIN

Is There A Doctor In The House?

We, like many another American citizen, averted becoming a digit in the holiday traffic figures by worshipping numerous hours in safety before the family idol. . . the box in the living room called television.

In so doing, we came up with an entirely new concept on socialized medicine.

Our new philosophy is that there'll be no rebellion among medical doctors against the government proposed plan to give bureau control of medical care to a big segment of our population. The revolt will come from television advertisers.

The Drip-drip-drip of stomach acid and for the hammer-spring-electrical charge boys inevitably dignify their product by claiming that the ingredients of the product is made up as a doctor's prescription.

Now they'll be in a heck of a fix. Imagine the loss of sales impact when the drip & hammer boys come on the television screen proclaiming that the product is compounded by a special formula of the Federal Bureau of Head and Belly Aches.

For any of those who have seen the long span of time it takes to get Bureau wheel arollin', it should be apparent that the body could die of natural causes while head and belly aches are still waiting for federal remedy.

Appointment Practices Should Get Grand Jury Attention

The 1962 County Grand Jury has a couple of knotty problems that cry for solution when it convenes.

If our sense of logic can be relied upon, the Grand Jury will be asked to study the County Supervisors' procedures in appointing county officials.

They appointed S.D. Police Chief Elmer Jansen as a replacement for Sheriff Bert Strand in a decision that was so swift it seemed almost ungovernmental at a time when speed was not essential. There will be none to argue that Jansen isn't a capable lawman and if the Grand Jury studies the appointment it will be on the basis that the appointment was so hurried that at least one, and probably several other potential candidates were given no opportunity to present their cases.

The argument that the voters may change a bad decision in November is invalid. There are those who believe that the Supervisors, who represent all of the voters, should at least give the courtesy of hearing to those who are potential candidates for the office.

Louder are the squawks regarding the appointment of Robert Creason to the office of County Coroner. Two area morticians are already on record as being determined to bring Creason's appointment to the attention of the Jury. The appointment of Creason, a former deputy coroner, who quit his job after the Jury charged that he appropriated public funds in 1958 has caused Howard Heath, a mortician of 611 Highland ave., National City and Robert McAllister, who operates a mortuary at 633 3rd ave., Chula Vista to complain in loud, bitter voices.

Heath called Creason "a bum, plain and simple." Heath claims Creason lacks the integrity to hold a job of public trust. "He walked out on his wife and children in 1957 and lived with another woman while they were both legally married to someone else.

"I can speak with authority on this matter because the other woman was my wife." Heath, who has since remarried, said the court had awarded him the Heath's children.

Heath also charges that the Supervisors would not give him an audience after they announced that Creason was to be given the appointment. He said there was no indication that Creason was to get the appointment until the announcement was made public.

The Grand Jury should investigate these complaints and report publicly whether integrity is lacking in the appointment practices of the County Supervisors. They should also determine whether or not we have a man of moral character sufficient to fill the position of County Coroner.

VIPs To Stall Socialism

There's an entirely new political party under organizational way in California called Voters Independent Party. That makes its initials, VIP, as easily remembered as GOP or Demo.

VIP's spokesman, Robert F. Clifton, of Woodland Hills, California who is state chairman, said the party would advocate "a return to Constitutional Government" and call for Californians to change their registration so that it will appear on the California ballot. It will take 53,000 stalwarts to accomplish this, he pointed out.

What does VIP seek to do?

1. To repeal the 16th (income tax) amendment;
2. To outlaw federal corporate activities;
3. To "restore" control of foreign trade to Congress, and
4. To compel an annually balanced budget.

SHINER LAST EVENT OF THE OLD YEAR

Mrs. Bob Vaught's New Year's celebration was greatly diminished by something that happened on Wednesday of last week. She slipped and fell in her kitchen, giving herself a big shiner on the left eye.

Three stitches had to be taken and part of her eyebrow shaved off.

She doesn't know if the eyebrow will grow back on the scar. This wouldn't be so bad except for the fact that Mrs. Vaught hates eyebrow pencils.

WEED FIGHT BEGINS IN ALL SERIOUSNESS

Since becoming aware of the tumbleweed problem some months ago when I overheard a man in the office complaining to the editor about tumbleweeds, I have become very tumbleweed conscious.

They are a sneaky infestation of plant-life amazingly equipped for growth and perpetuation. They burn like nobody's business. They look just big enough to make the average driver who sees one slow down as the weed tumbles across the road.

That's why I think it's so encouraging to people here that two community men respected for their leadership ability and experience, are leading Lemon Grove and Spring Valley in a serious battle against the fast-multiplying weeds. These men are Hibbard Stubbs (L.G.) and Howard Potts.

They have decided upon Jan. 20 as "T" Day, when tumbleweeds will be eradicated. Rev. John Kerr, who is on the S.V. committee under Potts, calls Jan. 20 "Pull Day."

If early stages of the "T" Day planning are an indication, Stubbs and Potts will have the majority of the people around here pulling—or attacking in one way or another—tumbleweeds on Jan. 20.

American Legion Group To Conduct First Aid Classes

Mrs. Ernest Smith, Civil Defense chairman for La Mesa Unit No. 282, American Legion Auxiliary has announced that a class in Red Cross first aid will be conducted by the Auxiliary. Mrs. Richard Allen will be the instructor on the recommendation of the County Civil Defense Commission.

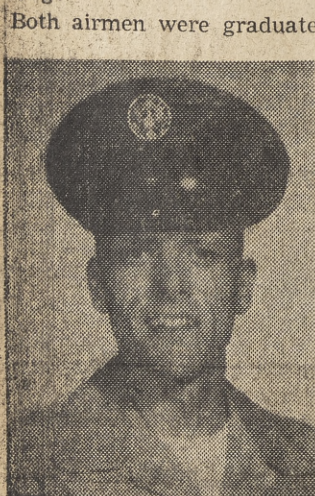

This class is only one phase of the Civil Defense and National Security program the auxiliary is sponsoring. Classes will begin on Tues., Jan. 9 from 7 to 9:30 p.m. and will be held at the American Legion Hall, 8118 University ave., La Mesa. A class of some 20 members from La Mesa, Spring Valley and Lemon Grove of the Auxiliary have already signed for the course which will be conducted for five weeks. The class is open to the public and the Auxiliary extends an invitation to anyone interested to attend and sign for the course. Mrs. Smith may be contacted by calling HO 9-7821.

Nancy Lee Steiding Marries Here

MR. AND MRS. MALVIN DAVID RUSK

Mr. and Mrs. Bernard G. Steiding of 1690 Glencoe dr., Lemon Grove have announced the Dec. 21 marriage of their daughter, Nancy Lee to Malvin David Rusk, son of Mr. and Mrs. David Rusk of Merced, Cal. The ceremony took place in the Lemon Grove Lutheran Church at 8 p.m. with Rev. Haris C. Bakken officiating.

The bride wore a gown of white lace and carried a white Bible with an orchid and carnation bouquet. Matron of honor was Mrs. Kenneth Smith and bridesmaid was Carolyn Denlinger.

Richard O. Marques was best man and Robert Denlinger was usher.

A reception was held at the church following the wedding.

After a honeymoon trip to northern California, the couple was to begin residing in Lemon Grove. The bride attended Mt. Miguel High School. The groom went to school in Merced and now works at National Steel and Shipbuilding Co. in San Diego.

Drawing, Photography, Acting Among Spring Courses At Grossmont

How-to courses in drawing, photography, and acting will be offered by Grossmont College among the nearly 50 courses to be given for extended day (night) students during the spring semester.

Perspective drawing will be taught on Monday and Wednesday nights by Alvin A. Hanson of the regular college faculty. Mr. Hanson received his master's degree at Stanford University and is an architect, draftsman and artisan. His course will involve perspective drawing of still lifes, furniture, exteriors and interiors. It is aimed at the art student and the engineering or drafting student.

Elementary photography, to be offered Monday and Thursday nights, will include a three-hour laboratory period. Ray Reynolds, who teaches journalism at the college and who taught photography at Fresno State College, will direct the course. The course will be of special interest to workers in the printing field, where photography is playing such an important role in the newest processes. Reynolds received his master's degree at Occidental College.

Martin Gerrish, a regular

faculty member who already has won directing honors at the Old Globe Theater since moving to San Diego to teach at Grossmont, will teach Intermediate Acting on Tuesday nights. The course is open to all acting and theater buffs who are looking for both a theoretical and laboratory course in acting. Gerrish, who directed the recent successful "Elizabeth the Queen," received his master of fine arts degree at the University of Arizona.

Pre-registration for new extended day students will begin Tuesday, January 16, at 7 p.m. at the Monte Vista high school campus of the college. A procedure is available at the college office. Registration for extended day classes will be held from 6-9 p.m. Mon., Jan. 29, and Tues., Jan. 30. Instruction will begin Wed., Jan. 31.

DATE CHANGED

The junior high age teen dance planned by the La Presa Woman's Club will be held on Friday of this week at 7:30 p.m. at Rancho Elementary School rather than on January 12 as announced previously.

MAIL BAG

Dear Editor:

The Committee to Keep Good Schools, organized in August to support the bond and tax election, has decided it should continue as an active group.

We plan neither to whitewash the Board of Trustees and/or the Administration, nor to criticize them without due cause.

A portion of our Committee will be in attendance at the Board of Trustees meetings to keep informed and to offer information or assistance to the Board, if requested. We will offer our criticism and/or commendation when either is justified.

We wish to commend the Board of Trustees on its action to study the Grand Jury report. Our Committee is particularly concerned about the charge that intimidation and coercion were used during the recent election. Of 45 members in attendance at our December 8 steering committee meeting, none had been questioned by the Grand Jury, despite the fact that this Committee directed the activities of the largest group working during the election.

Basketball, Wrestling Action Coming Friday

by Bill Ott Jr.

Basketball and wrestling action gets underway Friday with a full schedule of wrestling in the afternoon beginning at 3 p.m. and basketball in the evening with the jayvees tipping-off the beginning of loop action at 7 p.m.

Coach Locke Olson's Grossmont Foothillers are favored to take the hoop championship after compiling a 7-2 mark in non-league skirmishes. El Capitan and Monte Vista will also be in the running for a first division finish. The El Capitan team has the needed experience over the new Monte Vista quintet. Sharpshooting Bob Anderson, one of the county's top scorers is expected to get help from center Lyle Van Norman in carrying the load of the Monarch's offensive attack. Helix will also be in the running for the first division, going in to league play with a 4-5 record. Granite Hills, winless last year has already picked up 2 victories against 4 defeats, and will probably be the top second division club. Mt. Miguel and El Cajon, both supporting 1-7 and 0-5 records respectively are expected to battle to stay out of the cellar.

CHADWICK ELECTED TO HALL OF FAME

Tasteful casserole dishes using meat, fish, poultry or vegetables can brighten mealtimes during 1962. And many will become new family favorites.

The tricks in preparing casseroles will be the subject of my cooking school this month. The program is entitled "All About Casseroles." It will be presented Tuesday, Jan. 9, from 12:30 to 2 p.m., and again Tuesday, Jan. 30, from 10:00 to 11:30 a.m. in the comfortable auditorium of San Diego Gas & Electric Company's Eastern District Office, at 104 North Johnson Street in El Cajon. The hours are new this year—we hope you find them convenient!

We'll make three casseroles in the oven, two on the range top and one in the broiler. We'll explain how convenient casserole cooking can be using left overs; preparing the night before serving; and preparing, then freezing. You'll learn recipes for such tasty dishes like "Pear Barley Casserole," Chicken in Stuffing Scallops and Potato Casserole DeMouco.

This will be the first of our twice-a-month cooking schools to be held in 1962 and we know you'll have fun. So come cook casseroles with us. Free door prizes will be given away, and, of course, admission is free.

Judith Myers Engagement Announced

MISS JUDITH WILANA MYERS

Mr. and Mrs. Roy A. Myers of 3750 Fenwick dr., Spring Valley have announced the engagement and forthcoming marriage of their daughter, Judith Wilana, a student at the University of California to John William Bristow, son of Dr. and Mrs. Jack H. Bristow of Riverside, Cal.

The announcement was made at a special party for Judith's girl friends held at the Myers home Dec. 27. A buffet dinner celebrating the engagement was held on Dec. 29. Graduates of the University of California were present at this occasion.

Miss Myers, a 1958 graduate

SOCIETY

LEMON GROVE SPRING VALLEY

of Mt. Miguel High School was first honor student of that high school, having been named valedictorian and was first editor of the Miguel paper, El Trovador. She will graduate from the University of California at Berkeley in June of 1962 with a major in English. She said she may attend graduate school to obtain a secondary teaching credential.

The bridegroom-to-be is a second year medical student at the graduate school at the University of California at San Francisco, and is a member of the Nu Sigma Nu Medical Fraternity. The wedding has been tentatively set for June of 1962 in Spring Valley.

The Goodwill Industries of San Diego County, which operates a store in Lemon Grove, will observe two anniversaries during 1962, George A. Scott, president, announced this week.

These are: The 60th anniversary of the founding of the national organization, and the 32nd anniversary of the local organization.

A committee, headed by J. Clark Chamberlain, the organization's second vice president, and public relations committee chairman, is now mapping out events to commemorate the anniversaries.

The first major event will honor the birthday of the late Dr. Edgar J. Helms, of Boston, who founded the worldwide charitable organization in 1902. This will be held on Jan. 18-19.

It was Dr. Helms who first conceived the idea of collecting cast off household goods for repair by the handicapped.

This is still the program of the 125 Goodwill Industries round the world, which serve 3,500 cities, and employ more than 40,000 handicapped

This includes the local Goodwill Industries, which "urgently" needs discarded clothing, furniture, appliances, and other items for rehabilitation by our 225 handicapped workers," said Scott. These items will be sold at marginal prices at the stores including the one in Lemon Grove.

NAVY MOTHERS PLAN MEETING

Navy Mothers Club 9 will meet on Fri., Jan. 15 at noon at the Armed Services YMCA in downtown San Diego. Cdr. Mrs. Doris Watts will preside. Dessert and coffee will be served.

S.V. Cigarette Burglars Nabbed In Long Beach

The Long Beach Police Dept. reported that the responsible for the petty theft of cigarettes and money from the cigarette machine at Betsy's Prosties, 961 Jamacha rd., S.V., Dec. 14 have been apprehended when arrested for several other crimes in the northern city on December 21.

They were Robert Carl Sewell, 16, of Long Beach, and John Robert De La Torre, 15, of North Hollywood. The officers found 162 boxes of miscellaneous cigarettes which the boys admitted taking from the Spring Valley merchant.

ROCK THROWER CAUGHT

Two juveniles, ages 14 and 12, were apprehended at their Spring Valley homes after a rock hit the auto driven by Robert Carl Johns, 9143 Birch st., Spring Valley.

The boys admitted that one of them was attempting to throw a rock all the way across the freeway. Johns' sport car happened to be coming along at that time and was accidentally hit.

DIAL "D" FOR DITCH

An anonymous telephone call informed Richard James McIntosh of 9850 Estrella, S.V., on Christmas Day that his stolen car was parked in a ditch on Austin dr., S.V.

McIntosh found the car intact but it was stuck and evidence was that considerable effort had been made to extricate it.

SELF SERVICE

Lester W. Dreiman of 3703 Jill lane, L.G., told sheriff's deputies that his home had been burglarized of a camera, a bottle of liquor and some personalized blank checks during the holiday.

The burglar apparently cut his hand in entering the house by breaking a window for spots of blood were found in several places inside the house.

BB SHOOTER BUSY

Leonard Prewett, manager of an ice cream shop at 1066 El

Kelton, S.V., told the sheriff's dept. that a hole had been shot in the shop's window by a BB gun user during the holidays.

SPOUTS ARE SHOPLIFTERS

Two shoplifters, aged 9 and 11, were apprehended in L.G. during the holidays after helping themselves to items that appeal to young sprouts from Toy Town, Marders, B'nL Candybox and Food Basket. Items valued at \$10.51 were recovered and the boys were released to their parents.

WINDOW BROKEN

A two-inch granite rock was lobbed through a plate glass window of the house being built by George Carpenter at 9929 Lemon ave. near S.V. Value of the glass is set at \$100.

LIGHTS STOLEN IN S.V.

The theory that it is better to receive was practiced during the holidays on the following: Charles Bonneau of 451 El Kelton, S.V. said 100 decorative bulbs were taken; John F. Knoff, 502 Broadview, S.V., \$5.80 worth of bulbs, and Neil D. Christensen, 10010 Diversion dr., S.V. floodlights valued at \$5.50. All of the equipment was being used as Christmas decorations.

BIKES TAKEN

Leroy Williams of 3783 Grove st., L.G. and Michael Barnard Gates of 8084 Imperial, L.G. lost bikes during the holidays. Williams was a Schwinn with a gorilla head decal on it.

JUVENILE TAKE DEODORIZERS

Ann Newcomb, an employee at Oscar's Drive-In, 7440 Broadway L.G. reported to the sheriff that three juveniles broke the deodorizers in the men's restroom one night last week. She said they were driving a '46 Ford Station Wagon.

BORROWS CAD

What is surmised to have begun as a lark, turned out to be serious for two Lemon Grove junior misses, 14 and 15 years, who decided to help

themselves to a '51 Cadillac about noon Dec. 28. They drove it from 7907 Broadway, L.G. to a filling station at Kempf and Broadway, where they bought fourteen cents worth of gas. Then they decided they'd better return the car from where it was taken. But the owner was there. She declared to the officers that the car had been damaged. The matter was referred to the juvenile probation dept.

MOTOR STOLEN

Thomas James Gilb, 19, 4406 Upland, La Mesa and Donald Beyer Brent, 20, 4413 Upland, La Mesa, were arrested and booked at the county jail for theft. Harold Ash, 2435 Bancroft dr., Spring Valley, accuses the men of having attempted to steal and carry away in their pickup truck, a rear end for a '30 Ford at 1 p.m. Dec. 31. Ash stated the auto part was stored in his used car wrecking yard. The boys said they saw it lying around and didn't think it belonged to anyone and helped themselves.

Severe Injuries Sustained By Young Bike Riders

Three children riding down the steep Beryl street hill New Year's Day, received severe injuries when their bicycle overturned near the home of Richard Dion, 7470 Beryl st., L.G. The children are: Donald Earl Julian, 8, 2546 Mercury, L.G., who sustained a concussion and an arm fracture and back injury. Nineteen stitches were required in his scalp. Karen Louise Julian, 13, his sister, who suffered lacerated fingers from the asphalt pavement and abrasions on her arms. She complained of her hurting back, her legs were stiff and she had trouble walking.

Barbara Sue Riley, 14, 2547 Pergl, L.G. who was riding with them had a badly torn upper lip, had teeth knocked out and abrasions on her right arm.

The children were taken to the County Hospital for emergency treatment and later released to their parents.

ANTENNA BROKEN

Warner Floyd Johnson, 37, of S.D. employed at 7952 North ave., L.G. reported to the sheriff's dept. that the antenna on his parked car had been broken off while he was at work.

Lemon Grove WAC Pays Holiday Visit

Pvt. Sharon Travis, daughter of Mrs. Juanita Kenney, 1947 Ensenada, Lemon Grove recently returned home for a visit from the Army's Brooke medical center, Ft. Sam Houston, Tex. to spend the holidays with her family and friends.

She enlisted in the "Women's Army Corps" last July shortly after graduation from Mt. Miguel high school. After basic training at the WAC training center, Fort McClellan, Ala., she was assigned to the WAC training center briefly, then sent to the WAC student detachment at Brooke medical center. After leave, she will proceed to Fort Sill, Okla. for assignment with the U.S. Army hospital as a medical specialist.

Pvt. Travis enlisted through the U. S. Army recruiting station, 8101 La Mesa Blvd., where she recently paid a visit to MSgt. Edward R. Edwards, station commander. "Pvt. Travis is thinking of re-enlisting when her term of enlistment ends," Sergeant Edwards said.

A telephone call to HO 33114 or a letter to U. S. Army recruiting station, 8101 La Mesa Blvd., La Mesa, for an interview appointment will help interested young women to obtain complete information about life in the WACS.

Gillespie Field Civil Defense Presentation To Feature McCants

John McCants will lead a lecture and discussion period on civil defense problems on Tues., Jan. 9 at Civil Air Patrol Squadron 99 headquarters at Gillespie Field at 8 p.m.

McCants is an authority on local civil defense since he was a member of the City Civil Defense council until the merger with the County Civil Defense council. The lecture will be attended by all Civil Air Patrol members in the group 3 San Diego area and the public is invited.

The civil defense training series will continue on the two following Tuesday nights with discussions led by Donna Bellinger of Squadron 99, who has interviewed local civil defense officials and collected all available printed information on civil defense.

Tickets Available For Globetrotters Basketball Game

Tickets now are available for the Harlem Globetrotters basketball games to be played in Golden Auditorium, Cal Western University, Point Loma, Feb. 3 and 6.

The world renowned "Trotters" will meet the Washington D.C. Generals in both games. A 60-minute variety show, headlined by Cab Calloway, the Hi-De-Ho Man will be presented as pre-game and half-time entertainment.

Tickets can be obtained by mail by enclosing a check or money order to Globetrotters, Box 1923, La Jolla, Calif. or can be purchased at Longs Drug Store, 953 Fifth Ave., San Diego. Prices are \$3 and \$2 for adults, and \$1.50 for children under 16 years of age.

Sigma Delta Chi, professional journalistic society, is sponsoring the Trotters' appearance here. Proceeds will go to a loan fund available to journalism students in local colleges. Students who qualify will receive interest-free loans repayable on a long term basis.

The Trotters are celebrating their 35th consecutive season of exploits unparalleled in all sports history. They've played in 80 different countries including Soviet Russia, Bulgaria, Poland, Hungary and Rumania under U. S. State Department sponsorship.

At the start of their present tour they had amassed 7,125 victories against only 309 defeats.

KOREAN PROFS VISITING SAN DIEGO

Two Korean professors of architecture are visiting San Diego as guests of San Diego State on January 26.

They are Sang Ki La, assistant professor of architecture at Hongik College, and Hai Soung Rhee, assistant professor of architecture at Hanyang University. Both colleges are in Seoul, Korea.

Dr. Manville Petseys, San Diego State coordinator of extended services and designated host for the two architects, said they are participants in the Foreign Specialists Program of the Office of Cultural Exchange of the U. S. Department of State.

American League All-Star Game In Balboa Stadium

The first annual American League all star game will be played in Balboa Stadium, Jan. 7, it was announced by the AFL and the San Diego Junior Chamber of Commerce, which will sponsor the event.

The contest to be televised nationally by the American Broadcasting Co., will match the Western Division all stars against their Eastern Division counterparts. Coach Sid Gillman, whose San Diego Chargers were Western Division champs will direct the Western team, while Coach Wally Lemm head mentor for the Houston Oilers, will coach the Eastern aggregation.

Robert Smith, executive manager of the San Diego Convention and Tourist Bureau, today called the selection of San Diego as the site for the first American Football League All Star game, a giant boost for the city's major league prowess.

Letters TO THE EDITOR

Dear Editor:
Please extend my appreciation to all of those who so kindly donated the lovely bicycle to my son, Harold. (This newspaper wrongly printed "Howard" as the first name of Mr. Nienast and hereby makes the correction news Ed.) He certainly was thrilled and so both.

New March Of Dimes Of 1962 Launches Campaign In L.G.

The new March of Dimes launches its 1962 campaign in January with the promise that "Your dimes will do it again."

Do what again? You ask. Well, we know what your contributions to this national voluntary health agency did to polio. With March of Dimes funds the National Foundation financed the development of the Salk and then the Sabin vaccines.

Thanks to the Salk vaccine San Diego County has been without a polio incidence for more than a year.

Now the National Foundation's nationwide medical research program is being applied to the prevention of two other disabling diseases—arthritis and birth defects. The number of persons affected is staggering.

Army Offering Pick Of 103 Technical Schools To High School Grads

The U. S. Army recruiting station at 8101 La Mesa Blvd., La Mesa announced that the following enlistment choices are available to qualified applicants.

For male high school graduates, there are 103 technical schools available ranging from radio, teletype, electronics, photography, missiles and aircraft maintenance to medical, administration, automotive maintenance, surveying, finance, postal operations and radar.

For female graduates (18 to 34 years of age) choices include dental lab, dental assistant, X-ray procedures, cooking, cryptography, stenography, personnel administration, finance and clerical procedures. Also available to male graduates are the Army's two highly selective branches — Army Security Agency and Army Intelligence Corps.

In addition, graduates or non-graduates (male), found fully qualified, may select from the following vocational training or travel vacancies; infantry, armor, field artillery weapons, automotive maintenance, Europe, Far East, Alaska, Hawaii, military police, radio code, communications, food service, air borne, medical, administration, motor transport, utilities,

More than 11 million Americans suffer from arthritis. A quarter of a million children are born with a significant birth defect. That's one out of every 16 babies.

The March of Dimes has expanded its traditional and unique patient aid program by authorizing aid to victims of all kinds of birth defects and financing elevation clinics and special treatment centers at hospitals and other medical institutions in many parts of the country.

And not to be forgotten are the polio victims for whom the discovery of Salk vaccine came too late. In San Diego County there are 101 persons receiving patient aid.

The local March of Dimes is sponsored by the L.G. VFW, Post 2082 of which H. C. Stubbs is commander.

telephone (outside) and many others.

All vacancies are on a first-come-first served basis, according to MSgt. Edward R. Edwards, station commander. Enlistment is for three years. All persons found fully qualified, receive a written guarantee before enlistment, Edwards said.

Interested persons are urged to visit Sgt. Edwards or MSgt. George Meiss at 8101 La Mesa Blvd., La Mesa for this "choice-not-change" opportunity or phone HO 33114 for interview appointment.

The recruiting station announces that on Wednesdays a representative of the Women's Army Corps will be available to interview young women. The time will be from 9 a.m. to 3:30 p.m. at the La Mesa office.

COMIC OPERA STARTS JAN. 5 AT 8:15

Gilbert and Sullivan fans will find the traditional active plot and romantic involvements in "Yeomen of the Guard," opening Friday at San Diego State.

Directed by faculty members Lyman Hurd and Cleva Ganzlinger, the comic opera will be given four performances Jan. 5, 6, 12 and 13. Curtain rises at 8:15 p.m. in the Music Auditorium on the campus.

GROSSMONT COLLEGE NEWS

HOME ECONOMICS HOSTS EMPLOYEES

The home economics department of Grossmont College played host recently to all employees of the college at a four-hour "smorgasbord" prepared by students. Featured were such Christmas delicacies as stollen, date pinwheels, sand tarts, hot spiced tea, crescents, oatmeal date bars, and coconut chocolate islands.

INDUSTRIAL EDUCATOR VISITS PRES. HANSEN

Mack Stoker, regional supervisor of the trade and industrial education for the Bureau of Industrial Education of the State Department of Education, visited Grossmont College recently for a conference with President John S. Hansen. Mack said he was interested in the possibilities of architectural drafting and electronics drafting courses being offered locally.

FIRST ENGAGEMENT AMONG STUDENTS ANNOUNCED

The first engagement involving two Grossmont College students has been announced. Mary Dianne McCullough, daughter of Mr. and Mrs. John A. McCullough of 10263 Romana dr., Spring Valley, will wed Thomas J. Beebe, son of Mr. and Mrs. James L. Beebe, 7643 Church st., Lemon Grove.

ANTHROPOLOGY SLATED

A teacher whose activities range from digging up Paleolithic Age savages to planning physical criteria for Atomic Age spacemen will present an evening course in anthropology at Grossmont College this spring.

Lloyd Collins, instructor for Physical Anthropology, to be given Mondays from 7-10 p.m. is employed in the Human Factors Research Department of General Dynamics Astronautics. He also is the executive officer of the General Dynamics Archaeological Club, which has been exploring areas inhabited by early California Indians.

CDO Baptist Women Slate Unique Service

The WMS of the Casa de Oro Baptist Church will meet Jan. 9 for their regular monthly meeting. "Commitment to Christ" will be the theme, with the service being done in a unique way. All ladies of the area are invited, says Rev. Ernest Anderson, pastor. White Cross work will be done, reports will be given and there will be refreshments.

The regular youth meeting will be resumed Jan. 7, all five groups meeting at 6 p.m. The Youth choir rehearsal will be at 5:30 p.m.

All who attended the Sunday services were presented with a Bible reading bookmark, and encouraged to "read the Bible through in '62."

The important mid-week service continues each Wednesday from 7 to 8 p.m.; a half hour of Bible study and a half hour of prayer. Choir rehearsal is at 8 p.m.

Pastor Anderson was speaker at the First Baptist Church of Yucca, Calif. at a special New Year's Eve service. The service included the burning of the mortgage of the church. Rev. Anderson was pastor of the Yucca church for 12 years before coming to the Casa de Oro Baptist Church. Mrs. Anderson and son, Bob, accompanied the pastor to the northern community and the three were special guests. Rev. William Sloan is pastor of the Yucca church.

Lutheran Women's League To Hear Chaplain Deffner

The Lutheran Women's Missionary League of the Atone-ment Lutheran Church in Spring Valley, at its Monday (7:30 p.m.) meeting will have as speaker the Rev. Richard Deffner, institutional chaplain of the Lutheran church, Missouri Synod for San Diego County.

Rev. Deffner's subject will be "The Institutional Chaplaincy and Its Relation to the Local Congregation." His talk will be enhanced by the showing of colored slides of the church's services to local rest homes and hospitals.

Mrs. Carl Nelson, wife of the pastor will be hostess of the evening. Mrs. Marie Linsenhardt will lead in the devotion. The Sunday morning Bible class of the Atone-ment Lutheran Church of Spring Valley will be led by Charles McLeod, a layman of the First Lutheran Church of El Cajon. His topic will contain a portion of the Gospel of St. Luke.

SERMON BY MILLS
DEALS WITH FAITH
"Faith to Live By" will be the text of Rev. Loren Mills, pastor of the Spring Valley Friends Community Church, at the Sunday, 11 a.m. services.

Stickler Text
"This Joy of Mine" will be the text of Rev. Philip Stickler at the 10:30 a.m. service of the Warner Memorial Evangelical Church on Campo rd. The text is taken from John 3:22-30. Also at 10:30 a.m. the Children's church group will begin a study of South American missions, the study to continue throughout the month of January.

The Sunday evening services which begin at 7 p.m. will feature a film strip on various missions of South America. The film will be narrated by Mrs. Ellen Putnam, lay-leader of the church. Rev. Stickler invites all to attend.

LG Lutheran Women Schedule Meeting

The women of Lemon Grove Lutheran Church are having their monthly meeting Tuesday, Jan. 9 at 7:30 p.m. The program includes a skit concerning the work of the American Lutheran church women.

Plans are in the making at the Lutheran church for a Bible Camp for high school students between semesters. If plans materialize according to present considerations, the camp will be held Feb. 2, 3 and 4. Camp will begin Friday and close on Sunday afternoon.

A camp has been secured in the Live Oak Springs area. A teacher will present the studies and lead discussion.

Children Open To Good, Theme Of Sunday Text

"Great is the Lord, and greatly to be praised in the city of our God, in the mountain of his holiness." This declaration of the Psalmist (48:1) is the Golden Text of the Lesson-Sermon on "God." How children can be early taught to understand and love God will be stressed at all Christian Science services on Sunday.

The welcome given children by Christ Jesus, described in the Gospel of Luke (18:15-16), is among the Scriptural selections: "And they brought unto him also infants, that he would touch them: but when his disciples saw it, they rebuked them. But Jesus called them unto him, and said, Suffer little children to come unto me, and forbid them not: for of such is the kingdom of God."

Oldest brides and bridegrooms in the world are in Ireland, according to the Population Reference Bureau. Irishmen average 31.4 years of age when they marry, their brides 26.5. Marriage partners are youngest in India: 20 years for grooms, 14.5 for brides.

GOD'S MINUTE
REV. H. C. BAKKEN
"OUR GOD"

Our God has a future plan for us. As we enter the new year, let us place our confidence in God's plan. He has a home prepared in glory for all who believe. A productive plan for everyday living awaits those who believe and trust in Him. place your future in His care.

10 Years From Now New Grossmont College Predicts Enrollment Of More Than 3,000

Grossmont College can expect a fulltime student enrollment of more than 3,000 students 10 years from today, according to 1961 Grossmont grade school enrollment figures just released.

Grossmont College President John S. Hansen, in a prognosticating report to the junior college trustees this week, pointed out that the 3,000 figure is for fulltime (taking 12 units or more) students only, and that the total number of students at Grossmont in the 1971-72 year will probably reach 7,500.

Today, in its first year, Grossmont has an enrollment of 634 fulltime students, and 904 part-time students, including 884 daytime students. There are 654 enrolled in the extended day (night) classes. The administration and faculty are looking forward to approval in June of a bond issue to build a campus for an ever-swelling student population. Next year, a minimum enrollment increase of two-thirds is anticipated at the seam-bursting quarters of the college on the Monte Vista high school campus in Spring Valley.

Hansen, showing Grossmont's place in the Master Plan picture for California, said the planners have stated that the number of freshmen in the junior colleges, state colleges and the University of California will increase 200 per cent to 235,550 by 1975. The San Diego area, according to the master planners, has one of the largest projected rates of increase of high school graduates during that period. Also, they said, the area up to the present year has inadequately served its citizens with junior college facilities because the area has had a below-average ratio of junior college enrollments to high school graduates.

Hansen said the master planners have placed a strong stress on the need for additional junior colleges in the San Diego area, and this stress, he declared, is already being substantiated by the unusually high starting enrollment figures at Grossmont and southwestern colleges.

"Both these new institutions," Hansen told the trustees, "have fall enrollment totals greater than the starting enrollments of any previously established public junior colleges in California."

ANTI-RED CALENDARS

The annual business meeting of the First Baptist Church of Spring Valley will be held Fri., Jan. 5 at 7:30 p.m. There will be annual written reports by officers and committee chairmen.

"Changes in a Changing World" will be Rev. Roland Taylor's text for the Sunday, Jan. 7 services at 8 and 11 a.m. In the evening there will be a communion meditation.

Final plans are under way for the annual school of missions to begin Jan. 12. There will be a total of six sessions, with the concluding session on Jan. 28 at 7 p.m.

Oscar Osberg, 85 Passes Saturday; Services Held

Services were held on Tuesday of this week at 7:30 p.m. at Erickson-Anderson Mortuary for Oscar Osberg, 85, of 7535 San Miguel, who died Saturday in a hospital.

Osberg, a former Wisconsin farmer had lived in Lemon Grove for 11 years. His recent hospitalization was the first of his life.

His survivors include two daughters — Mrs. Ruth Wohlwend of Lemon Grove at whose home he'd been living and Mrs. Elmer Fronczok of Oaklawn, Ill.; four sons, Leonard of Lemon Grove and LeRoy, Louie and Lloyd of Chicago; a brother, Charles Osberg and a sister, Mrs. Tina Johnson, both of Wisconsin.

Interment was planned to be in Shetek, Wis.

With the holidays past, you begin to think again of your gardens and, if the weather permits, you will be outside raking, cleaning up debris, and doing some of the other chores you failed to get done in December.

Since borers are becoming an increasingly dangerous menace to trees (especially deciduous fruit trees), roses and shrubs, I suggest you examine anything in your garden that hasn't been growing as well as it should, to see if there are holes in the bark, denoting borer infestation.

If borer injury is apparent, now is the time to give a treatment with an ethylene dichloride borer solution, because you can be almost certain the borers are moved down into the soil around the base of the trees or plants to hibernate during the winter season. By treating the soil with this borer solution, you will destroy the borers underground and prevent damage next season. Always water well before treating with any other product.

Sups. Appointments May Bring County 'Wide Open' Elections

Four Offices Seen Affected In June Elections

SAN DIEGO (CNS)—Attacks on Robert L. Creason, the appointment of the Board of Supervisors as coroner, public administrator, have suddenly blown wide open the June race for at least four county offices.

These are: Creason's own job; that of sheriff that ex-San Diego Chief of Police Elmer Jansen will be running for, and the two Supervisorial posts where the terms expire.

The charges against Creason for personal and professional misconduct, have been made by Howard Heath, a National City mortician and the ex-husband of Creason's present wife, and Robert McAllister, a Chula Vista mortician and City Councilman.

The accusations will not only influence Creason's campaign for election to the post Supervisors appointed him to, but Supervisors themselves are already involved in the mud-slinging.

In addition, the Board is under fire from those opposing the appointment of Police Chief Jansen as sheriff.

SUPS BELIEVED TARGET
Local political observers believe that Supervisors are going to be the target of all those backing any opponents of all incumbents in office, who seek election in June.

But the only Board members who will feel the sting of this are the two who themselves must run in June: De Graff Austin, of the Fourth District, and Robert C. Cozens, of the Fifth District.

And Cozens is expected to suffer the most, for he was first elected in November, 1960, to fill the unexpired term of Dean E. Howell, and has hardly had time to get settled in office before seeking reelection.

Moreover, Cozens comes from a district where there are many divisions of feeling, so that he can expect to have most of the dissent vote concentrated against him. He represents the northern area of the county. His district is the largest geographically.

Austin, a veteran in county politics, with his district altogether within the City of San Diego, is expected to have less trouble.

But Supervisors in general are likely to be in the limelight for the months before election, all to the disadvantage of Cozens and Austin.

JURY MAY INVESTIGATE
The 1962 Grand Jury is to be asked by the 1961 Grand Jury to investigate the charges against Creason, according to Leo Shaw, foreman of the current jury.

The charges are that Creason, who is to assume office on Jan. 8, when the present coroner-public administrator, Alton E. Gallagher, retires, lived with Mrs. Heath before she or Creason were divorced and that a "deal" was offered to McAllister.

But the criticism includes the accusation that Supervisors gave no chance to those against the appointment to tell on what they based their opposition.

The protests against Jansen's appointment are less severe; only that he gets an advantage over other candidates because he can run as "incumbent." Jansen is to succeed Sheriff Bert Strand, who also retires on Jan. 8, and he is expected to have at least three well known opponents: El Cajon Chief of Police Joe O'Connor, San Diego Municipal Court Marshal William Howell and Hinton L. Fisher, head of the sheriff's reserve.

The backers of these three candidates already have indicated they will concentrate

their fire on the Supervisors, to the further hurt of Cozens and Austin.

BURNHAM JOINS
Peter Burnham, a local real estate man and an officer in the Better Government Assn., which unseated two City Council last year, has already joined the lists to carry the fight against Supervisors' action to the voters.

Not the least of the Supervisors' woes will be the report of the 1961 grand jury due soon. The jury already has attacked the Board for its planning practices, its land-buying policies and has "leaked" to newspapermen its findings that one Supervisor received a gift and took a trip to La Vegas with a person selling a piece of land to the county. The jury report is expected to hammer at these points.

Cozens in his first try for office, in 1960, had five opponents. He garnered about a third of the votes, and no run-off was required as the balloting was in a general election. He will face a November run-off this year, unless he gets a majority in the June primary.

Austin, who had two opponents in 1958, won in the June primary. But Howell, who held Cozens' job for 20 years, had 11 opponents in 1958 and was forced into a run-off. Ill health caused the vacation of Howell's post in June, 1960. Cozens is expected to have at least as hard a time as Howell did in 1958.

\$125 DOG—Tiny Tim, a little dog, got lost Dec. 16 at Jambucha and Maria in Spring Valley and was last seen running along Grand. In picture with Tiny Tim of Westview is the dog's recent trainer, Mrs. Beverly Griffiths, licensed professional dog handler of Maria ave. in Spring Valley.

The dog's owner is Mrs. Astrid C. Frye of San Diego. She is offering \$125 for information leading to return of the dog.

Mrs. Griffiths said that the pure-bred Yorkshire Terrier cannot be entered in shows without its registration papers and therefore can only be a pet to whoever has him now.

However, if Tiny Tim is returned soon, he can still be entered in a dog show to be held in latter January in Ontario, Cal., according to Mrs. Frye.

the S.V. Center's Merchants Association. Mrs. Stevens happily received the prize of a used Studebaker and a \$100 merchandise certificate. The drawing was Dec. 23. S.V. Center merchants said a great deal of interest was shown in the three-week contest.

Where, O Where Has My Real Owner Gone?

Dear Editor:

My name is "Tiny Tim of Westview" but they call me "Tiny" because I am such a wee little dog.

Since I am only a year old and very curious about the world, I wandered away from my Spring Valley home about a week before Christmas. I didn't intend to stray so far but while crossing a busy street I was almost hit by a car. I was so frightened that I just started running and soon I had lost my way.

I want most in the world to return to my mistress and I know that she misses me too. We need help to find each other. I'm sure that a very large reward (\$125) will be given to that person who helps me find my mistress. Another reason why I want to return so badly is that I have always had an ambition to be a show dog. But only my mistress can take me to dog shows since I am only registered to her.

You will know me since I am a little Yorkshire Terrier weighing only 4 lbs. I have long hair which is dark grey on my body and tan around my head and legs. At the time I left home my hair was done up in a dozen cellophane wrappers to keep it from breaking off. If you should see me please call my mistress at HO 3-9006 or BR 8-3492.

What Will Be Needs Of S. V. In Year Of 1962?

In the year 1962, as have all other new years in the past, will bring new needs to the community. I have attempted to get ideas from various persons of the Valley as to what they think our primary need will be for the new year.

Says Chet Smith, president of the Spring Valley Chamber of Commerce:

"Spring Valley is suffering from severe growing pains. Rapid growth brings new problems. The Spring Valley Chamber of Commerce 'Roads and Safety' committee is requesting correction of certain road deficiencies, requesting several new stop signs, several new cross walks and the reduction of speed limits on certain streets. Certain zoning changes must be made so that land may be put to its biggest and best use.

ZONING CHANGES

"Two years ago, after several months of meetings with property owners, the Spring Valley chamber of commerce zoning committee recommended changes in zoning for over 300 acres. Much of the zoning recommended by the Chamber of Commerce has been made. But much of the acreage adjacent to the new freeway is still on an interim basis.

"Now that the freeway alignment is nearly completed, the balance of the area should be rezoned to assure future orderly growth."

Says Mrs. George (Anne) Caldwell of 10336 San Carlos drive:

"I believe that more than anything else, Spring Valley needs something to occupy the spare time of our young people and teenagers. We should have a public swimming pool, a skating rink or some other means of recreation. I know the big problem is money, but Spring Valley justifies it. Surely some businessman with the means should be able to put in some kind of recreation facilities.

"At the rate we are growing the problem will get more acute as the time goes by. Riding through south Spring Valley recently, I couldn't help but notice the great number of teenagers with apparently nothing to do in spare time. Those are the ones we must help."

TEENAGE NEEDS

SEEN AS OUTSTANDING
Mrs. Edmund (Margaret) Krewski of 9081 Birch st., in south Spring Valley is also interested in the welfare of the young people and teenagers. She remarks:

"I believe we need a good library in the south Spring Valley area, particularly in the Spring Valley Shopping Center. Then we could shop and get a book from the library at the same time. A good library could be the means of keeping the teenagers off the streets when

they are not in school." Mrs. Harold (Margaret) Babby of 3465 Niblick dr., Brookside, a lady who has been active for several years in scouting, had this to say: (Continued on Page 3)

Flights Given By Women To Aid Polio Drive

GASCO BIGGEST COUNTY TAXPAYER
San Diego County's largest taxpayer, San Diego Gas & Electric Company, this week gave a check for \$4,722,442 to James P. Rasmussen, County Tax Collector, for the first half of the 1961-1962 fiscal year's County ad valorem property tax. The utility's full year San Diego County property tax will amount to \$9,444,884 which is \$1,208,097 more than the tax paid in the previous year.

Mr. A. R. Cox, vice president and treasurer, observed that the Company also pays property taxes to the city of Coronado and the counties of Orange and Riverside, raising the total amount to be paid by the San Diego Gas & Electric Company in 1961-1962 property taxes to \$9,581,368.

More Jobs At Solar For Navy Fighter

SAN DIEGO—Solar, a subsidiary of International Harvester Company has received a \$1 1/4 million follow-on order to manufacture additional boundary layer control systems for the Navy's F4F Phantom II fighter, it was announced here. Plans call for stepped up deliveries of the boundary layer control units which Solar has been manufacturing for four

years, beginning with a prototype in 1957. The Phantom II, produced by McDonnell Aircraft Corporation, is the world's fastest jet aircraft. The Mach II plus fighter established a new speed record on November 22, 1961, when Lieutenant Colonel Robert B. Robinson, USMC, flew it 1,806.342 mph. Robin Schmidt, director of

public relations for Solar, said this week that employment increases would be gradual. The firm increased personnel 12 per cent in 1961. The increase should grow to 24 per cent by the end of 1962, he said. The firm presently employs 1,800. A little advertising can sell a few goods and a lot of it can sell a lot of goods.

SALES TAX DROPPED ON PRESCRIPTION DRUGS
Governor Edmund G. Brown reminded consumers and druggists today that a new state law going into effect January 1 eliminates the state sales tax on prescription drugs.
"This law will help cut medical costs of every family in the state," Governor Brown said. "The tax weighed most heavily on those least able to afford it—the aged and the low income groups."

Social Security Question Box
By Dirk Smith, field representative of the Social Security Administration.
Readers are invited to send social security questions to Mr. Smith c/o this newspaper. Names are not used with published questions.
QUESTION: How can I freeze my account? I intend to retire early but do not want my future Social Security benefits to be affected.
ANSWER: You can only freeze your account by having a severe disability which is expected to last for a long and indefinite duration of time. If you have this type of disability, you would qualify for disability benefits as well as the freeze. You cannot freeze your account just because you want to retire early and protect your benefit amount. The purpose of Social Security benefits is to replace lost earnings due to retirement at age 65 or disability at any age. Therefore, if you retire early, the average amount of these lost earnings to age 65 will be less and you would in turn receive a lower Social Security benefit.
QUESTION: I am over 65 but have never worked in a job covered by Social Security. I now have a chance to do some part time work which is covered by Social Security. Can I still earn credits toward a Social Security benefit and receive a benefit when I have enough quarters, even though I am now over 65?
ANSWER: You can receive a Social Security benefit after age 65 as soon as you have earned the necessary number of quarters to qualify. It makes no difference whether you earn these quarters before you are 65 or after you are 65. You can figure the number of quarters you need by counting the years from 1961 up to but not including the year you were 65. You would have to have one quarter for each year in this period of time. If the number of years is six or less, then you would have to have at least 6 quarters to qualify.

Survey To Determine Need For Vocational, Technical Education Programs Here

A survey being conducted by San Diego City College, Grossmont College and Southwestern College will determine the community needs for present and future vocational and technical education programs within each jr. college district.

And it will relate such needs to planned curricular offerings and to industrial and business employment requirements.

An executive committee representing the three above institutions has been formed. It is supervising the survey. President John Hansen of Grossmont College is on this committee.

The working committee, which is under the one of which Pres. Hansen is a member, includes Dr. Charles Collins, dean of instruction at Grossmont College. Both the executive and this working committee will coordinate and work with a resource committee of community representatives.

The objectives of the survey are:

1. To acquaint business, industry, organized labor and the community at large with the services and educational facilities available and planned for the three junior colleges.

2. To determine the community needs for present and future vocational education programs within the junior colleges and to relate such needs to curricular offerings, facilities and employment possibilities.

3. To determine which vocational programs should be offered by each of the junior colleges.

4. To study industrial training programs and other educational offerings within industry and the schools as such programs relate to junior college curricula.

Findings and recommendations of the survey will be referred to the boards of education and school administrators for consideration and implementation.

The survey will be completed by April 1, 1962.

Gasco Reports Gains In Eastern District

Although San Diego Gas and Electric Company's 1961 customer gain in its Eastern District, which includes El Cajon, Lakeside, Bonita, Santee, La Mesa, Lemon Grove, Spring Valley, Lake Murray area, and some locations designated as county, was considerably smaller than in the two years preceding, it was still substantial.

The estimated 3,148 electric and 3,242 gas customers in increase is more comparable with the Company's experience in recent years than were the abnormal gains of 6,653 electric and 4,809 gas customers and 4,809 electric and 4,797 gas customers recorded in 1959 and 1960 respectively. At the end of 1961, approximately 61,250 electric and 47,484 gas customers were being served in San Diego Gas & Electric Company's Eastern District territory.

Kenneth M. Brown is the utility's Eastern District manager.

Frenchie, whose home state is New Hampshire, spent 25 years in New York City, and at one time was associated with the ice skating profession.

The Spring Valley Inn will be open seven days a week (at least for the present), 6 a.m. to 9 p.m. Regular meals will be served and specialties will be pizza, spaghetti, tacos and chili.

POEM SENT IN

Had a nice letter from an avid reader of this paper the other day. She was wondering if it isn't possible to have a special column in the paper for people to express themselves through poetry and other means. She said she enjoyed the poems we published in the Christmas issue. This reader I mentioned, submitted a short poem, which follows.

DAY DREAMING

by Mrs. M. Darrow Lane
3221 Bancroft dr., S.V.
With bare feet dangling in the water
From the banks of a lovely stream,
I breathe the cool fresh air of spring,
While weaving a beautiful dream.

I am lost to all reality,
In my youth rich with life,
Eyes are blind to worldly things,
There is no pain or strife.

Songs of the birds in the willow trees,
Beauty from the wild flowers near,
Give forth a living Paradise,
There is nothing in life to fear.

This was my weekly hide-away,
Spinning dreams that never came true,
But the memories I will always cherish
Along with my dreams that are new.

MORE POETRY FOR OUR READERS

Many of you in the Casa de Oro area will remember Mrs. Marvin Hodge who used to live on North Bonita. She is the mother of Jesse Hodge, our local insurance man. Mrs. Hodge sent in the following, which was written by her friend, Mrs. Susie Everett, who lives in the Building For the Elderly in St. Louis, Mo.

"MY GET UP AND GO, HAS GOT UP AND WENT"

How do I know my life is all spent?
Well, my get up and go, has got up and went.
But in spite of it all I am able to grin,
When I think of where my get up has been.

Old age is golden, so I have heard said.
But sometimes I wonder as I get into bed,
With my ears in a drawer, my teeth in a cup,
My eyes on the table, until until I wake up.

Ere sleep dims my eyes, I say to myself,
"Is there anything else I should lay on the shelf?"

Rancho Elementary School Teacher Designs 'Listening Table' For Children

Edward Slusher, fifth grade teacher at Rancho School has devised a listening table where students with earphones plug in to a classroom table to listen to stories, music, arithmetic tables, spelling words, Standard Broadcast tapes and other learning activities.

As a part of the NDEA Science Project, La Mesa-Spring Valley schools are provided with earphones and connecting wiring for learning activities via tape recorders, record players and film projectors.

The many wires necessary for a group of six or eight students to participate at one time were an impediment to the use of books and pencils or paper while listening.

Slusher, instructional materials representative for Rancho School, took the wiring and plug-in outlets and placed them under the regular classroom table, making it possible for children to plug in to the table itself, thus avoiding a labyrinth of wiring in front of the students.

This idea was shared with other schools and, for a small sum of money, classrooms now have tables where children can plug in for learning.

Many schools in the La Mesa-Spring Valley School District have adopted the idea.

In the picture are (from left around circle) Claire Hinkle, Melaine Frank, Mike Sells, Patty Pulla, Jim my Crosswhite, Slusher, Gloria Phillips, Dennis Moran, Charles Haynes and Sheryl Simpkins.

CONCERN SHOWN FOR GOODWIN'S SAFETY

True concern was shown for Max Goodwin, owner-publisher of this paper, by those who

heard reports of his plane crashing near Borrego Springs this past weekend.

After checking with the local radio station, we were glad to report to the many who inquired, that Max and his two passengers escaped unharmed.

Goodwin's plane was badly damaged though.

When I was young my slippers were red;
I could kick up my heels, right over my head.

When I grew older, my slippers were blue,
But still I could dance the whole night through.

But now I am old, my slippers are black,
I walk to the store and puff my way back.

The reason I know my youth is all spent;
My get up and go has got up and went.

Since I'm retired from life's competition,
I busy myself with complete repetition.

Each morning I pray and I dust off my wits,
I pick up the paper and read the obits.

If my name is missing, I know I'm not dead,
So I eat a big breakfast and slide back in bed.

Bonds were sold to cover this deficit. This would amount to your taking out a loan to meet unforeseen expenses. Then it was discovered that due to low bids, there would be ap-

proximately \$2 million left over. Now, did the council immediately apply the overage to paying off some of these bonds, thereby reducing the principle and interest on this debt? Nope. They did what any self respecting borrower would do; try to figure out how to spend this 'found' money. One idea is to apply this excess to building the proposed Civic Center in San Diego.

Now really, gentlemen, if your wives tried to juggle her accounts like that, wouldn't you complain?

TAX QUESTIONS ANYONE? Have you been wondering where your tax dollar goes, and what services you should expect in return for your money? I did, and looked into it. It was interesting to learn that well over half a million dollars in taxes comes out of Spring Valley Estates alone. Have we been getting that much in services? In the following weeks, I'll give you a breakdown and see what conclusions we can come to.

AVONDALE'S BOARD MEETING
Avondale's PTA executive board will meet January 9 at 7:30 p.m. at Avondale school. Plans for monthly showings of films for children will be discussed at this time.

Members of the board will also attend a meeting of the La Mesa-Spring Valley School District board of trustees on Jan. 8 at 7:30 p.m. which is held at the Education Center in La Mesa.

BORROW FROM PETER TO PAY PAUL
An amusing lesson in finances was given recently by the San Diego City Council after the \$8.2 million error in the cost of the metropolitan sewerage system was brought to light. The lesson was not in error itself, for most of us have at one time or another added or subtracted wrong. We can learn by the manipulations which followed.

Mystery Writer To Teach Course At Grossmont College

A writer who has "hit" a number of American magazines with her mystery and science fiction stories will teach a survey course in English literature at Grossmont College this coming spring.

Mrs. Elizabeth Chater will teach a survey of English literature through the 18th Century in a course to be given Wednesday from 7-10 p.m. in the evening program.

Mrs. Chater, who writes under the penname of Lee Chatter, is a former faculty member of California Western University and Palos Verdes College. She is currently teaching creative writing at Grossmont College.

A short story by Mrs. Chater was recently published in "The Phoenix," the San Diego State College literary supplement. Also, she has sold the American and foreign rights to the fourth of a series of mystery stories which were printed in the Saint Mystery Magazine. A number of her nonfiction articles and poems also have found their way into print.

Pre-registration for new extended day students will begin January 16 at 7 p.m. on the Monte Vista High School campus of the college. Registration for extended day classes will be held from 6-9 p.m. January 29 and 30. Classes begin Jan. 31.

Record Number Of Directories Being Distributed

A record - smashing 423,000 new directories were distributed in San Diego County by Pacific Telephone starting December 13.

D. G. Langille, division commercial manager for the company said, "the directory output is up 18,000 over last year."

New directories will include all numerical prefixes for official telephone company numbers, such as business offices.

And there's been a change in the dialing process to obtain the correct time. In the past, the time number was UL3-1212. In the future all numerals will be used - 853-1212.

Langille also disclosed, "A plan has been finalized to eliminate the '116' emergency dialing code. Emergency calls," he said, "should be placed through the local operator, or simply by dialing the numeral '0'."

More than 4,000 subcontractors and suppliers collaborated on the construction of the Mercury spacecraft.
